At the start of your walk make sure you start off slowly, getting warmed up before you gradually increase your pace. Towards the end of your walk gradually slow your pace to cool down.

If you're new to walking then build up slowly, try short trips to the shops or to see friends and gradually build up to longer walks. To get the most benefits, your walk needs to be at a brisk pace, that pace will be different for everyone but as a guide you should be walking fast enough to raise your heart rate and be slightly out of breath.

Walking is a great activity for just about anyone irrespective of their age or level of fitness, as well as getting you from A to B, regularly getting out and about is an ideal way of becoming more active helping to reduce the risk of chronic illnesses such as heart disease, type 2 diabetes, asthma and stroke. A good walk also improves the strength and flexibility of your joints, boosts your immune system and improves your mood. It's also a great way of discovering your local area and the countryside on your doorstep with friends and family.

This is a great walk to get out and discover the countryside right on your doorstep. The start of the walk is in the picturesque Bradley Woods, there is ample car parking and the site is easily accessible off Bradley Road.

Locally the area is reportedly the home of the "Black Lady of the Woods", the legend is believed to stem from generations of parents warning their children not to venture into the woods in case the Black Lady gets you!

Roughly halfway around the walk you'll come to the village of Barnoldby-le-Beck, this walk takes you past St Helen's Church. Over the ages this Norman structure has been significantly restored and renovated, small parts of the original building still remain as do examples of medieval glass in the church windows. The church is now recognised as a Grade 1 listed building. There is also an opportunity to stop off at The Ship Inn for a drink and something to eat.

On leaving Barnoldby you head north along the network of footpaths and bridleways passing Laceby Manor Golf Course before heading back through the woods to the finish of the walk.
