

Put yourself in the picture

Samantha provides both long term care for children as well as moving children on for adoption

I wanted to be a foster carer as my children were growing up and I wanted to help and bring up foster children as they have not had in their lives warmth, love and boundaries.

I went to panel and the people on the panel were very nice. I would recommend doing it to anyone who wants to be a foster carer as it is lovely to see the children develop in your care and is very rewarding to see the children go the right way in life.

I have been fostering for 11 years and they are the best years I have ever done. Social workers and link workers are all lovely people, don't be afraid to find out what fostering is all about, I think it is wonderful to be a foster carer.
