Dear Sir,

Toll Bar A16 - 'Gateway to Growth' - Local Pinch Point Fund Application

On behalf of North East Lincolnshire Council I have pleasure in enclosing a copy of the Local Pinch Point Fund application for the Toll Bar A16 – 'Gateway to Growth' scheme in North East Lincolnshire. The scheme offers a solution to congestion and safety issues raised in our Local Transport Plan, it is essential to allow both economic and housing growth. The scheme will reduce costs to business, ensuring reliable journeys by reducing congestion at this key entry point into North East Lincolnshire from the A16 South and East Lindsay in Lincolnshire.

Improving this current pinch point will reduce lost time for businesses accessing the South Humber Bank growth area and the Grimsby Dock Local Enterprise Zone whilst reducing travel to work times and increasing the employment catchment area.

The scheme is supported by the main bus operator Stagecoach East Midlands and by the Humber Local Enterprise Partnership.

I trust you find our bid satisfactory, should you require additional information please do not hesitate to contact me on the above contact details.

Yours faithfully,

Martin Lear
Principal Transport Officer
