

Post 16 Additional Learning Support (ALS) Specification Form 2015/16

To receive Post 16 Additional Learning Support, learners must have a Statement, a Learning Difficulty Assessment or an Education Health Care (EHC) Plan.

This form provides details of individual support requirements and costs. **The form will reflect all additional costs, not just those above £6,000. The form will usually be completed by the Transition Service or Careers Service in advance of young people and families identifying their preferred learning provider. Where a provider is approached directly the provider can complete this form and submit it to the LA for consideration.**

This form will form the basis of negotiation between commissioners, providers, young people and their families about additional learning support needs.

Learner details
