A2 Transfer form

Application to transfer a permit

**Local Authority - Integrated Pollution Prevention and Control
Pollution Prevention and Control Act, 1999
Environmental Permitting (England and Wales) Regulations 2016 (as amended)**

Introduction

When to use this form

This environmental permitting regime is known and referred to as Local Authority Integrated Pollution Prevention and Control ('LA-IPPC'). Installations permitted under this regime are known as 'A2' installations. Use this form if you already have a permit and wish to transfer the permit in whole or in part to another person ('the proposed transferee'). Under the Environmental Permitting (England and Wales) Regulations 2016 ("the EP Regulations") you may apply to transfer the whole or part of your permit. Both the operator and the proposed transferee must jointly apply to have the permit transferred.

Before you start to fill in this form

You are strongly advised to read relevant parts of the Defra [general guidance manual](#) issued for LA-IPPC and LAPPC, republished in May 2011. This contains a list of other documents you may need to refer to when you are preparing your application, and explains some of the technical terms used. You will also need to read the relevant sector guidance note, BREF note or Process Guidance note. The EP Regulations can be obtained from www.legislation.gov.uk website.

Which parts of the form to fill in

You should fill in as much of this form as possible. The appropriate fee must be enclosed with the application for transfer to enable it to be processed further. When complete return to:

*North East Lincolnshire Council
Doughty Road Depot
Doughty Road
Grimsby
North East Lincolnshire
DN32 0LL*

Other documents you may need to submit

You must submit your existing permit with this form. There are number of other documents you may need to send us with this form. Each time a request for a document is made in the form you will need to record a document reference number for the document or documents that you are submitting in the space provided on the form for this purpose. Please also mark the document(s) clearly with your permit reference number and the name of the installation.

Using continuation sheets

In the case of the questions on the form itself, please use a continuation sheet if you need extra space; but please indicate clearly on the form that you have done so by stating a document reference number for that continuation sheet. Please also mark the continuation sheet itself clearly with the information referred to above.

Copies - *not relevant for e-applications*

You do not need to send multiple copies of this form, consultation is not required to transfer a permit.

If you need help and advice

We have made the form as straightforward as possible, but please get in touch with us at the local authority address given above if you need any advice on how to set out the information we need.

ENVIRONMENTAL PERMIT (PART A2) TRANSFER APPLICATION

Appendix 1 - Business information

January 2019

Additional information.

Although the permit is to be transferred from Energy Pyrolysis Ltd to Pyrenergy EP Ltd, one of the directors, John Saunders, will continue to be a director in order to ensure that his expertise is available to the new company and to the permitted operation.

Mr.J. Saunders has gained the Environmental Permitting Operators Certificate (EPoC) and is shortly to complete a Level 4 Wamitab qualification. There is no equivalent qualification for pyrolysis within the WAMITAB framework. However, having held the permit since issue he has demonstrated the requirements of the permit and has responded to any concerns in a swift and forthright manner.
