

A to Z directory of waste

Different type of waste and the best way to get rid of them.

A

Aerosols – Recycle in the orange recycling box, grey recycling bin, most recycling bring to sites and both CRC sites.

Small domestic aerosol cans that can be recycled include deodorant, hairspray, fly spray, polish, air fresheners and hair mousse cans.

Aerosols that have previously contained propane or butane gas, paints or oils will not be accepted.

Make sure that all aerosol cans are empty before putting in your recycling container.

Animal waste – CRC's sites do not accept large quantities of animal faeces. Only small quantities of no more than three bags at a time if mixed with straw. The CRC's site do not accept pigeon or dog faeces.

Asbestos – Can be taken to the Grimsby CRC site in small amounts. You must pre-book your visit by ringing the waste hotline 01472 326288. Further information view on the dedicated asbestos advice page.

Ash (coal and wood) – Wood ash is recyclable with your garden waste, but coal ash should be put in your general waste bin. Always let the ash cool down first before placing in any bin.

B

Bathroom suites – Accepted at both CRC sites, but cannot include tiles or plasterboard. Must be from your household and not business waste.

Batteries (Car) – Only accepted at Grimsby CRC.

Batteries (Household) – Returned to retailers

Batteries (large, lithium) – Battery collection points available at both CRC sites.

Beverage cartons (milk or juice cartons) – Dispose of with your household waste

Books – Good quality books can be donated to local charity shops, libraries and the tip charity bring and buy sale. Otherwise books can be taken to both CRC sites and to some recycling bring to sites.

Bottles (Glass) – Wash and recycle in the green recycling box, grey recycling bin, most recycling bring to sites and both CRC sites.

Bottles (Plastic) – Wash and squash household plastic bottles such as drinks, washing up liquid, bleach, surface cleaner, shampoo, conditioner, liquid soap and bathroom cleaners.

Building Waste – Bricks, rubble and other building material cannot be included in household or garden waste bins. Three small bags can be taken to the Grimsby CRC site if its from your own residential household.

BT Phone Book – Recycle in the blue box, blue recycling bin or you can opt out by calling BT on 0800 833 400.

C

Cans – Rinse, squash and recycle in the orange box, grey recycling bin, at most recycling bring to sites and both CRC sites.

Car Batteries - Take to Grimsby CRC site

Cardboard – Clean card and cardboard can be torn up to fit flat with paper in your blue recycling box, blue recycling bin, at most recycling bring to sites and both CRC sites. Beverage cartons are currently not collected for recycling in North East Lincolnshire.

Car parts – Take to a local scrap metal dealer or salvage yard.

Carpet – Accepted at CRC sites or collected through the bulky waste collection service. Small amounts can be cut up and put in your green household wheelie bin.

Carrier Bags – Try to re-use disposable plastic bags by taking them with you next time you go shopping. Otherwise they can be thrown away in your green wheelie bin.

CDs and/or DVD discs - Send them to the address provided on www.recyclenow.com

Chemicals (Household) – Such as fertilisers, wood preservatives and pesticides can be taken to Grimsby CRC site.

Christmas Cards – Recycled in the blue box and blue recycling bin. Some retailers offer Christmas card collections. To reduce the waste impact of your Christmas cards, re-use them as gift tags or send some electronic 'e-cards' instead.

Christmas trees – Can be taken to the tip (Community Recycling Centres). Alternatively if your tree has a root-ball and has been watered regularly, why not re-plant it?

Christmas Wrapping Paper (Not waxed) – Recycled in the blue box or blue recycling bin, most recycling sites and both CRC sites. Reuse or buy recycled paper where possible.

Clinical Waste – The council offers a weekly collection service to registered addresses

Clothes - Taken to textile banks at recycling sites or both CRC sites or donate to charity. Clean rags can also be donated at St Andrews Hospice shops.

Coins - Donate to charities.

Composting - Up to a third of domestic waste thrown away is organic matter suitable for home composting. Grass, fruit, vegetable peel, teabags, eggshells, paper, cardboard and many more items can all be diverted from household waste bins, and transformed into compost.

Computers or monitors - Some charities can accept them for re-sale or they can be taken to both CRC sites

Cooking Oil - Less than two litres of cooking oil can be left for collection in your household waste bin. It must be either in a sealed container or solidified. Alternatively you could use it to make seed cakes to feed the birds. If it is more than two litres then the cooking oil should be taken to our Grimsby CRC site. It is unlawful to dispose of oils of any description down a drain.

D

Dog Waste – Any of NELC's street bins for general non-recyclable waste can be used for dog waste. Your green domestic non-recyclable wheelie bin can be used, but the Council requires the waste to be wrapped (double wrapped is preferable) and for it to be in small quantities.

Drink cans – Rinse, squash and recycle in the orange box or grey bin, or at most recycling banks and both CRC sites

DVD and/or CD discs - Send them to the address provided on www.recyclenow.com

E

Electronic and electrical equipment - Some charities can accept them for re-sale or they can be taken to both CRC sites

Engine Oil - Only accepted at Grimsby's community recycling centre site up to a maximum of 5 litres (1 gallon). It is unlawful to dispose of oils of any description down a drain.

F

Fertilisers (household chemicals) – Accepted at Grimsby CRC site

Fire extinguishers - Not accepted at the CRC sites, but Nitro Fire Protection Ltd are willing to accept them for a small disposal fee.

Fluorescent tubes and energy saving light bulbs – Contain mercury and must not be disposed of in general household waste. Special containers are provided for fluorescent tubes and low energy light bulbs at the Grimsby CRC site.

Food – Compost at home with raw fruit and vegetable waste, cooked or uncooked food can be broken down in a “Green Cone” it is a relatively small unit suitable for most gardens/small patch of ground. Or visit Love Food Hate Waste for ideas and recipes to help you waste less food.

Food Cans - Wash, squash and recycle in your orange box or grey wheelie bin, at most recycling bank sites and both CRC sites.

Fridges and/or freezers - Some charities can accept them for re-sale. They can be taken to both CRC sites, or the council offers a bulky waste collection.

Furniture - Some charities can accept them for re-sale. They can be taken to both CRC sites, or the council offers a bulky waste collection.

G

Garden waste - small cuttings, leaves, bark, weeds, fallen fruit, twigs & small branches and grass (not soil) can go in household garden waste bins. Larger items can be taken to both CRC sites.

Gas bottles (liquid petroleum) – Return empty bottles to suppliers for a refill, re-use, or will be accepted at Grimsby CRC site.

Glass bottles - Washed and recycle in the green recycling box or grey wheelie bin, most recycling bank sites and both CRC sites.

Glass (window / plate) – Pyrex and window glass melt at a higher temperature and so contaminate the recycling process. Instead they can be placed in the green refuse bin or taken to both CRC sites. **Do not put in the green recycling box or grey recycling bin.**

Glasses - Opticians collect old glasses, which can be re-used to help in third world countries, or send old pairs of glasses to Vision Aid Overseas.

Grass cuttings – Should be put in your garden waste wheelie bin or taken to either CRC sites.

H

Hairdryers – Some charities accept for re-sale or they can be taken to both CRC sites.

Hedge cuttings - Should be put in your garden waste wheelie bin or taken to either CRC sites.

House fittings – Many local charities accept these to help those in need.

Household waste – Every property in North East Lincolnshire is provided with a green wheelie bin or has shared access to a communal waste bin for household waste.

I

Ink cartridges - Try to use refillable ink cartridges or donate them at your nearest Tesco store. Request freepost envelopes by sending an email to freepost@redcross.org.uk or visiting the British Red Cross website.

J

Jars (Glass) – Wash and recycle in the green recycling box or grey wheelie bin, at most recycling bank sites, and both CRC sites.

Jars (Coffee jar lids only) - Womens Aid collects coffee jar lids at their Grimsby shops.
