REPORT OF	Councillor Margaret Cracknell Portfolio Holder for Health, Wellbeing and Adult Social Care
RESPONSIBLE OFFICER	Bev Compton, director of adult services
SUBJECT	Better Care Fund (BCF)
STATUS	Open
FORWARD PLAN REF NO.	N/A

CONTRIBUTION TO OUR AIMS

The continued receipt of BCF monies contributes to the aims of stronger economy and stronger communities.

EXECUTIVE SUMMARY

In March 2020, Health and Wellbeing Boards (HWBs) were advised that BCF policy and planning requirements would not be published during the initial response to the COVID-19 pandemic. HWBs were advised that they should prioritise continuity of provision, social care capacity and system resilience, and spend from ringfenced BCF monies based on local agreement, pending further guidance. The approach adopted in NEL was consistent with this.

In December 2020, the government announced the requirements for the 2020/21 Better Care Fund (BCF). Given the ongoing pressures on systems, the government has agreed that formal in-year BCF plans will not have to be submitted for national approval. However, HWB areas must ensure that use of the mandatory funding contributions (Clinical Commissioning Group (CCG) minimum contribution, improved Better Care Fund (iBCF) grant and the Disabled Facilities Grant) has been agreed in writing, and that the national conditions are met.

This report seeks to fulfil those written requirements.

RECOMMENDATIONS

1. Confirm compliance with the BCF conditions
2. Agree the BCF spend set out within the attached template.
3. Delegate authority to the director of adult services in consultation with the portfolio holder for health, wellbeing and adult social care to submit the end of year reconciliation to the government, when required.
4. Approve the revised terms of reference of the BCF steering group.

REASONS FOR DECISION

Confirmation of compliance with conditions, and agreement on spend, is nationally mandated (recommendations 1 and 2). The Board must decide whether confirmation/ agreement can be given to the government.

Councillor Cracknell, with the support of the BCF steering group, oversees BCF

activity and ensures national reporting compliance on behalf of the Board (recommendations 3 and 4). The Board must decide whether to provide its authority for this to continue, in the attached terms.

1. BACKGROUND AND ISSUES

1.1 Retrospective approval

As the conditions for the current year's BCF were not made available until December 2020, the Place Board (acting as HWB) is asked to give retrospective approval to current spend, and to confirm its assurance in respect of compliance with BCF conditions.

It is expected that a further end of year report will be required in April or May 2021 for submission to the government, largely confirming spending in the attached terms. It is anticipated that in approving the attached, the Board will have approved much of the content of the end of year return (subject to any essential amendments required to respond to changing circumstances).

1.2 National conditions

The national conditions are:

- Plans covering all mandatory funding contributions have been agreed by HWB areas and minimum contributions are pooled in an agreement made under section 75 of the NHS Act 2006
- The contribution to social care from the CCG via the BCF is agreed and meets or exceeds the minimum expectation
- Spend on CCG commissioned out of hospital services meets or exceeds the minimum ringfence
- CCGs and local authorities confirm compliance with the above conditions to their HWB.

HWB areas are not expected to submit local trajectories for the BCF national metrics for 2020 to 2021 but should continue to work as a system to make progress against them. National reporting of delayed transfers of care was suspended from 19 March 2020. Local areas are reporting on a new set of metrics under the hospital discharge service policy.

1.3 Agreed spend

The attached template has been made available by the Department of Health and Social Care, for systems to use locally to calculate spend and compliance with the conditions on maintenance of social care and CCG commissioned out of hospital expenditure.

The attached template shows the position to date, as it is anticipated to be until the end of the financial year. Areas will also be asked to report actual income and expenditure as normal year end reporting, as well as details of spending on maintaining social care spending from the CCG minimum contribution and out of hospital services, in line with the national conditions. The end of year report may also request information on adult social care fee rates. The end of year reporting template and exact content is not yet available.

Summary finance information is provided below and shows the relative split of the 20/21 £23.7m pooled fund:

Funding received by	BCF element	Revenue/Capital	Allocation 20/21 £'000	Planned Expenditure £'000	Planned Variance £'000
NELC	Disabled facilities Grant (DFG)	Capital	3,221	3,038	183
NEL CCG	CCG contribution *	Revenue	12,625	12,625	0
NELC	IBCF	Revenue	7,822	7,822	0
Total			23,667	23,484	183

* £4.5m of the CCG contribution is directed to support adult social care and is managed within the adult social care S75 budget envelope. In addition the £7.8m IBCF is used by the council to support adult social care services.

The following table demonstrates the minimum required spend is planned to be achieved in 20/21:

Required Spend	Minimum required Spend £'000	Planned spend 20/21	underspend
Out of hospital spend from the minimum CCG contribution	3,588	8,075	0
Adult social Care services spend from the minimum CCG allocations	1,852	4,549	0

1.4 Terms of reference

BCF spend is managed and overseen by the BCF steering group, comprising members of the CCG and Council. A slight change to membership has necessitated a change to the terms of reference, which the Board is asked to endorse. Amendments are highlighted in red.

2. RISKS AND OPPORTUNITIES

2.1 There are no known risks attached to these decisions, with one caveat. Due to prioritising pandemic responses, BCF spend has not been as anticipated earlier in the year. Specifically, less progress has been made on the delivery of the disabled facilities grant (DFG) programme due to shortages of

occupational therapy input and reduced face to face contact with clients, and national guidance with regard to support to care homes, hospital discharge and winter plans has taken precedence.

3. OTHER OPTIONS CONSIDERED

N/a. Confirmation of compliance with conditions/ agreement on spend are nationally mandated.

4. REPUTATION AND COMMUNICATIONS CONSIDERATIONS

The area would be likely to suffer some reputational damage if national reporting requirements were not met.

Planning in the areas to which BCF relates or is linked, for example winter planning and the disabled facilities grant, are heavily reliant upon partnerships within and outside of the CCG and council, and high levels of cooperation and communication.

5. FINANCIAL CONSIDERATIONS

Financial considerations are considered within the main body of the report. The current section 75 agreement between the council and CCG will provide the mechanism for pooling resources and for sharing risks. The proposal is consistent with the council and CCG's joint adult social care strategy and health and wellbeing strategy and will help to contribute to improved value for money within the wider health and care system.

6. CLIMATE CHANGE AND ENVIRONMENTAL IMPLICATIONS

There are no known climate change or environmental implications arising from the matters in this report.

7. CONSULTATION WITH SCRUTINY

No consultation with Scrutiny or otherwise is planned.

8. FINANCIAL IMPLICATIONS

The planned expenditure recorded above reflects that recorded in the plan and in respect of the Council elements the funding has been received. As the year end approaches and the financial outturn position for 2020-21 is finalised then the figures may differ but this will be down to phasing and time lags of work completion. Where this is the case then the funding will be carried forward in line with the pooled fund arrangements.

9. LEGAL IMPLICATIONS

The legal implications arising are caught within the above report and fall to the published guidance and conditionality around funding generally.

10. HUMAN RESOURCES IMPLICATIONS

There are no direct HR implications.

11. WARD IMPLICATIONS

There are no known individual ward implications. BCF monies are spent for the benefit of North East Lincolnshire as a whole.

Overview

Note on entering information into this template

This template is intended to be used by local BCF planners to record locally agreed plans and ensure that minimum requirements on BCF funding sources are met (for instance the minimum contribution to social care from the CCG minimum). The template does not need to be submitted to the Better Care Fund Team, as plans for 2020-21 are not being assured. All areas will need to send a completed expenditure template as part of year end reporting and to confirm to their HWBs that the national conditions of the fund have been met, so we recommend that you do complete this template in the next few weeks.

Throughout the template, cells which are open for input have a yellow background and those that are pre-populated have a grey background, as below:

Data needs inputting in the cell

Pre-populated cells

Note on viewing the sheets optimally

For a more optimal view each of the sheets and in particular the drop down lists clearly on screen, please change the zoom level between 90% - 100%. Most drop downs are also available to view as lists within the relevant sheet or in the guidance sheet for readability if required.

The details of each sheet within the template are outlined below.

Checklist (click to go to Checklist, included in the Cover sheet)

1. This section helps identify the data fields that have not been completed.
2. It is sectioned out by sheet name and contains the description of the information required, cell reference for the question and the 'checker' column which updates automatically as questions within each sheet are completed.
3. The checker column will appear 'Red' and contain the word 'No' if the information has not been completed. Clicking on the corresponding 'Cell Reference' column will link to the incomplete cell for completion. Once completed the checker column will change to 'Green' and contain the word 'Yes'
4. The 'sheet completed' cell will update when all 'checker' values for the sheet are green containing the word 'Yes'.
5. Once the checker column contains all cells marked 'Yes' the 'Incomplete Template' cell (below the title) will change to 'Complete Template'.
6. Please ensure that all boxes on the checklist are green before submission.

2. Cover (click to go to sheet)

1. The cover sheet provides essential information on the area for which the template is being completed, contacts and sign off.
2. Question completion tracks the number of questions that have been completed; when all the questions in each section of the template have been completed the cell will turn green.

3. Income (click to go to sheet)

1. This sheet should be used to specify all funding contributions to the Health and Wellbeing Board's Better Care Fund (BCF) plan and pooled budget for 2020-21. On selected the HWB from the Cover page, this sheet will be pre-populated with the minimum CCG contributions to the BCF, DFG (Disabled Facilities Grant), and iBCF (improved Better Care Fund) allocations to be pooled within the BCF. These cannot be edited.
2. Please select whether any additional contributions to the BCF pool are being made from Local Authorities or the CCGs and as applicable enter the amounts in the fields highlighted in 'yellow'. These will appear as funding sources when planning expenditure. The fields for Additional contributions can be utilised to include any relevant carry-overs from the previous year.
3. In March 2020, guidance on a revised Hospital Discharge Service Policy, backed with central funding, was published. Systems were advised to implement the enhanced discharge to assess services in this policy through a single lead commissioner (usually the local authority) and to pool the additional funding drawn down into a s75. Some areas pooled additional funding available from the Hospital Discharge Policy through the Better Care Fund agreement. If you wish to record this discharge funding in your Better Care Fund plan to reflect the content of your local s75 agreement, you can record this as an additional contribution. End of year reporting will not be required to include discharge funding.
4. Please use the comment boxes alongside to add any specific detail around this additional contribution including any relevant carry-overs assigned from previous years. All allocations are rounded to the nearest pound.
5. For any questions regarding the BCF funding allocations, please contact england.bettercarefundteam@nhs.net

4. Expenditure (click to go to sheet)

This sheet should be used to set out the schemes that constitute the BCF plan for the HWB including the planned expenditure and the attributes to describe the scheme. This information will be required at year end to analyse BCF spending nationally, to contribute to national statistics and to provide assurance that National Condition 2 and 3 are met.

The table is set out to capture a range of information about how schemes are being funded and the types of services they are providing. There may be scenarios when several lines need to be completed in order to fully describe a single scheme or where a scheme is funded by multiple funding streams (eg: iBCF and CCG minimum). In this case please use a consistent scheme ID for each line to ensure integrity of aggregating and analysing schemes.

On this sheet please enter the following information:

1. Scheme ID:

- This field only permits numbers.

2. Scheme Name:

- This is a free field to aid identification during the planning process. Please use the scheme name consistently if the scheme is described across multiple lines in line with the scheme ID described above.

3. Scheme Type and Sub Type:

- Please select the Scheme Type from the drop-down list that best represents the type of scheme being planned. A description of each scheme is available at the end of the table (follow the link to the description section at the top of the main expenditure table).

- Where the Scheme Types has further options to choose from, the Sub Type column alongside will be editable and turn "yellow". Please select the Sub Type from the drop down list that best describes the scheme being planned.

- Please note that the drop down list has a scroll bar to scroll through the list and all the options may not appear in one view.

- If the scheme is not adequately described by the available options, please choose 'Other' and add a free field description for the scheme type in the column alongside.

- While selecting schemes and sub-types, the sub-type field will be flagged in 'red' font if it is from a previously selected scheme type. In this case please clear the sub-type field and reselect from the dropdown if the subtype field is editable.

4. Area of Spend:

- Please select the area of spend from the drop-down list by considering the area of the health and social system which is most supported by investing in the scheme.

- Please note that where 'Social Care' is selected and the source of funding is "CCG minimum" then the planned spend would count towards National Condition 2.

- If the scheme is not adequately described by the available options, please choose 'Other' and add a free field description for the scheme type in the column alongside.

- We encourage areas to try to use the standard spend areas where possible.

5. Commissioner:

- Identify the commissioning entity for the scheme based on who commissions the scheme from the provider. If there is a single commissioner, please select the option from the drop-down list.

- Please note this field is utilised in the calculations for meeting National Condition 3.

- If the scheme is commissioned jointly, please select 'Joint'. Please estimate the proportion of the scheme being commissioned by the local authority and CCG/NHS and enter the respective percentages on the two columns alongside.

6. Provider:

- Please select the 'Provider' commissioned to provide the scheme from the drop-down list.

- If the scheme is being provided by multiple providers, please split the scheme across multiple lines.

7. Source of Funding:

- Based on the funding sources for the BCF pool for the HWB, please select the source of funding for the scheme from the drop-down list

- If the scheme is funding across multiple sources of funding, please split the scheme across multiple lines, reflecting the financial contribution from each.

8. Expenditure (£) 2020-21:

- Please enter the planned spend for the scheme (or the scheme line, if the scheme is expressed across multiple lines)

9. New/Existing Scheme

- Please indicate whether the planned scheme is a new scheme for this year or an existing scheme being carried forward.

5. CCG-HWB Mapping (click to go to sheet)

The final sheet provides details of the CCG - HWB mapping used to calculate contributions to Health and Wellbeing Board level non-elective activity figures.

Multi-agency teams typically provide these services which can be online or face to face care navigators for frail elderly, or dementia navigators etc. This includes approaches like Single Point of Access (SPoA) and linking people to community assets.
