

# Scrutiny Briefing Note

The Tourism and Visitor Economy Scrutiny Panel have asked to monitor progress on the following issues. This briefing contains the latest position as at 14<sup>th</sup> March 2021.

## Subject: Heritage Starter Fund for North East Lincolnshire

### Introduction

This brief sets out details of the Heritage Starter Fund with the support of National Lottery Heritage Fund (NLHF) to develop a range of new heritage projects.

### Background and Current Stage

In July 2020, The National Lottery Heritage Fund (NLHF) solicited an application for a grant of £250,000 to co-ordinate and develop engagement with community heritage across North East Lincolnshire. North East Lincolnshire was deemed a priority Area of Focus (one of 13) for NLHF given the relatively low levels of investment and heritage engagement and high levels of deprivation. A successful application was submitted in August 2020 which outlined activities to enable this to take place. This was fully approved in December 2020 following collaboration with National Lottery Heritage Fund to develop plans for delivery.

The programme supplements other investments into arts, culture and heritage in North East Lincolnshire such as the Cleethorpes Townscape programme, Grimsby Heritage Action Zone and Grimsby Creates.

A key element of the application centred on the development of a Heritage Network for North East Lincolnshire. The first meeting took place in April 2021 and has seen a further four meetings take place. These have been developed and facilitated working in partnership with Heritage Trust of Lincolnshire.

The network has helped establish a 'Heritage Starter Fund' to support local heritage projects, especially for groups who have not previously accessed heritage grant funding previously.

### The Heritage Starter Fund

To date 15 projects (total value of £127,500) have been supported to encourage audiences from NEL and beyond to re-examine what they know, or think they know, of North East Lincolnshire and its place in the world, through creative interpretation of stories, ideas, the built fabric of the Borough and current issues.

The projects explore a wide range of elements of heritage ranging from the natural environment at Humberston Fitties, iconic local songwriter Rod Temperton, memories of Grimsby Town FC, landmark building Weelsby Hall and our Viking links. A full list of projects supported can be seen [here](#):
