**Subject:** Planning Application DM/0744/21/FUL

Good Afternoon,

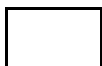

With reference to the above application which is listed on the Agenda for the NELC Planning Committee Meeting to be held on 5<sup>th</sup> January 2022, is it possible for this Application to run concurrently with the previous Application on the site rather than for another 3 years?.

This would avoid continued applications enabling the site to be occupied for different uses having different time scales.

Thank you

Val Turner.
