

NORTH EAST LINCOLNSHIRE COUNCIL

File Ref: TR-20-16

Order: 20-16-02

Date: May 2021

Statement of Reasons

This Statement of Reasons relates to the making of the following Traffic Regulation Order:

The North East Lincolnshire Borough Council (Clearway) (Bradley Road) (No. 20-16-02) Order 2021

Street(s) affected:

- Bradley Road (part)

Ward(s) affected:

- South, Wolds, Waltham

Proposal:

To prohibit the stopping and waiting of vehicles on the main carriageway of those streets detailed above.

Reason:

As the affected section of Bradley Road is not currently subject to any existing restrictions that prohibit parking or waiting, the proposed introduction of verge and footway parking restrictions under TRO 20-16-01 may encourage drivers to park wholly within the confines of the carriageway.

There is the potential that such parking practices may increase the risk of obstruction to the free flow of traffic along what is a heavily trafficked route, used by commuters and residents that live in the surrounding villages.

By prohibiting the stopping of vehicles in the carriageway it will ensure the free flow of traffic and prevent an adverse impact on journey times.
