

NORTH EAST LINCOLNSHIRE COUNCIL

File Ref: TR-21-02
Order: 21-02
Date: September 2021

Statement of Reasons

This Statement of Reasons relates to the making of the following Traffic Regulation Order:

The North East Lincolnshire Borough Council (Hobson Way & Laporte Road, Stallingborough) (24 Hour Clearway) (No. 21-02) Order 2021

Street(s) affected:

- Hobson Way, Stallingborough
- Laporte Road, Stallingborough

Ward(s) affected:

- Immingham

Proposal:

- To introduce a 24-hour Clearway restriction covering Hobson Way and Laporte Road in Stallingborough.

Reason:

It is proposed to introduce a 24-hour clearway on Hobson Way and Laporte Road to support the Grimsby to Immingham Cycle Superhighway Project.

The usable carriageway width on Hobson Way and Laporte Road will allow traffic to pass a stationary vehicle in the case of a vehicle breakdown, however, parking or stopping on the carriageway is not desirable or sanctioned.

The introduction of a 24-hour clearway will prohibit the stopping of any vehicles, except in an emergency, on the carriageway, therefore enabling the free flow and unobstructed movement of all traffic on these routes and will facilitate the continuation of the clearway restrictions to be implemented on Kiln Lane, Stallingborough and Queens Road, Immingham under the SHIP Project (TRO 19-25B).
