Prevention of Public Nuisance

Prevention of public nuisance: Regarding the licence application for the above premises, I would like to lodge my objection to the opening hours requested together with the live music also requested.

Although used as a private club in years gone by the opening hours were not as lengthy as those now requested and the previous owner worked well with the community in which it sits. This venue is right in the middle of a residential area and such opening times together with live music is not acceptable. Please reconsider the opening times together with delivery and waste collection times in order that it may fit well into the community and everyone can work together. Please remember that when such a venue shuts its doors the noise does not disappear until a good hour later when the last customer has left and the owner has locked up. We are not against the business just some consideration please.

If possible please suggest alterations to the application that would resolve the problem mentioned above, again paying attention to the licensing objectives: No Live Music. Windows shut when played music used. Reduced hours and no litter. Recepticle for Cigarette stubs should be installed
