

# YOUNG

# INSPECTORS

## North East Lincolnshire

**Would you like to inspect and advise on how the local council could make their services more young person friendly?**

**Would you like to make a difference to young people in your community?**

North East Lincolnshire are now recruiting '**Young Inspectors**' - young people who **inspect services delivered to children and young people**, providing **advice** and **recommendations** on how those services can improve. This would mean you would be trained as **Young Advisors**, and become a part of the **national charity network** – as well as taking part in local projects to make a difference to your community.

This would also involve carrying out important research, whether that be questionnaires, focus groups or interviews, within sectors of the local authority council to **gain a young person's perspective** to help develop the service to be the best it can possibly be. This opportunity would also be a fantastic chance to **gain all important skills** such as leadership and confidence.

Are you aged between **13 and 19** (up to **25** if you have SEN) and this sounds up your street? Contact **Pippa** for more information on **07584150229** or **pippa.curtin@nelincs.gov.uk**.
