PH.EE.1 **DECLARATIONS OF INTEREST**

PH.EE.2 **PETITION – REINSTATEMENT OF A PARKING PERMIT SCHEME ON ELM ROAD/ELM AVENUE, CLEETHORPES**

The Chair invited the lead petitioner to present his petition.

Mr. Seddon, advised that parking had become more difficult recently particularly with the increasing high number of cars making parking nearly

impossible for local residents. Many employees and shoppers were choosing to use Elm Road for free parking rather than the Council owned car parks. Residents were now concerned that on their return home they would be unable to get parked outside their homes. There had also been an increase in car damage due to this issue. It was hoped that this could be resolved with the introduction of a parking permit scheme.

Councillor Brown, Ward Councillor for the area, was very concerned for local residents and particularly their families. He felt that due to Elm Road being located extremely close to Cleethorpes central shopping area, this was now causing the road to suffer from a lot of traffic. He was also concerned that local residents were now struggling to park outside their homes. He therefore fully supported the introduction of a parking permit scheme.

Ms. Swatman advised that they would assess the situation on Elm Road and if it was suitable for a scheme they would draw up some proposals and inform residents.

The Chair advised that 51% of residents needed to be in support of a parking permit scheme in order for it to be re-instated.

RESOLVED – That the petition be received and the current situation on Elm Road, Cleethorpes be assessed for suitability for a parking permit scheme.
