

Report to the Humber Leadership Board

Report from Stephen Parnaby, OBE, Deputy Chair HEY LEP

Title: The Humber Bridge Board Membership

Report

Following the last Humber Leadership Board held on 09 06 22, where the matter of Humber Bridge Board representatives was discussed, the HEY LEP is requesting a change in its representative member.

We would like to request that the HEY LEP representative member changes from Stephen Parnaby OBE to Tony Kirby who is a member of the LEP's Infrastructure Board and is our representative on Transport for the North. Please see: <https://heylep.com/people/tony-kirby/> Tony has significant experience in transport and would add value to the Humber Bridge Board. Tony will report back to the Infrastructure Board and in turn, this board reports to the main LEP board.

HEY LEP Governance Structure

We understand that a formal request for a change of representation is required, and that the outcome of this decision will be processed through the necessary governance structures.

Recommendation

The Humber Leadership Board to accept the change of representation on the Humber Bridge Board from this date.

Stephen Parnaby OBE

Deputy Chair Hull and East Yorkshire LEP

12 08 22
