## Steps on how to book a journey using the app

Step 1)

Select "Tap to search destination" on the app home screen and type in **the location you would like to be picked up from** and the **destination you would like to arrive at**.

Select your reason for travel in the listed options and click Next.

Select the number of passengers wishing to travel and click Next.

## Step 4)

Choose **a time and date** to either depart or arrive by. Click set pick up time and wait for the app to choose the perfect journey for you.

**Select a journey** that works for you. If Phone 'n' Ride is not available to you for your requested time and location, you will be provided with alternative public transport methods if available.
