

NORTH EAST LINCOLNSHIRE COUNCIL

File Ref: TR-19-08

Order: 19-08

Date: August 2023

Statement of Reasons

This Statement of Reasons relates to the making of the following Traffic Regulation Order:

The North East Lincolnshire Borough Council (Cheapside, Waltham) (Speed Limit) (No 19-08) Order 2023

Street(s) affected:

- Cheapside, Waltham (in part)

Ward(s) affected:

- Waltham Ward

Proposal:

- To revoke the existing 40mph speed limit on Cheapside.
- Introduce a 40mph speed limit from a point 57 metres south-east of the south-eastern kerb line of Golf Course Lane to a point 732 metres south-east of the south-eastern kerb line of Golf Course Lane.

Reason:

New property development sites on Cheapside, Waltham have prompted a need to review the current 40mph speed limit extent, which currently commences east of the junction with The Drive. It is proposed that the 30mph speed limit be extended to bring the new development site accesses for The Drive development and the Golf Course Lane development within a 30mph speed limit. The 30mph speed limit will terminate at a new gateway feature created using road markings and signs.

The new 40mph speed limit will commence at this gateway point and continue in a south easterly direction to terminate in the vicinity of Millstone Garden Centre, Cheapside.
