**Which of the licensing objectives does your representation refer to? (Select all that apply):**

Prevention of Public Nuisance

**Prevention of public nuisance:** My objections to the incredibly unrealistic applications for licence at premises 22 Alexandra road Cleethorpes.

I live in flat 2 at my property,

Although flat 1 at my property is undergoing refurbishment, it will be tenanted.

I object on the following grounds of everything associated with

Antisocial behaviour:

- it is not acceptable that live and piped music can go on until 2am

When I need to get up for work in a morning.

- There will be an increase in car movement and noise outside the property, and onto Yarra road.

- people urinating around the property will be a problem, the authorities

Who grant these licences appear never to check toilet provisions.

The church frontage, (next door to the property) will be become a urinal.

- A spread of drinking patrons will occur along the frontage of the entire block.

- Refuse bins situated between the properties numbers

22 and 23 Alexandra road pose a major problem, they appear

to be never emptied, often end up on the frontage,

and I assume the property will exasperate the situation.

**If possible please suggest alterations to the application that would resolve the problem mentioned above, again paying attention to the licensing objectives:**
