2.2 NELC recognises safeguarding as a high priority. In order to achieve this we ensure there are arrangements in place to provide strong leadership, vision and direction for safeguarding. We ensure we have clear accessible policies and procedures in line with relevant legislation, statutory guidance and best practice.

2.3 There is a clear line of accountability for safeguarding. We ensure that we have appropriate services that safeguard children in line with section 11 of the Children Act (2004), and adults in line with The Care Act (2014), The Mental Capacity Act (2005), and The Modern Slavery Act (2015).

NELC has a lead officer for modern slavery to drive work locally. There is a modern slavery multi agency group that meets quarterly. This group is responsible for raising awareness and working alongside partners to ensure that front line officers are able to identify key signs and take appropriate action.

NELC work closely with Humberside Police, The GLAA and The Humber Modern Slavery Partnership where there are single points of contact for advice and assistance with suspected cases of modern slavery.

2.4 Applications and inquiries under Part 7 of The Housing Act 1996 - [Section 188\(1\) of the 1996 Act](#) requires housing authorities to secure that accommodation is available for an applicant if they have reason to believe that the applicant may be homeless, eligible for assistance and have a priority need. If housing authorities believe an individual may be vulnerable as a result of being a victim of modern slavery, following a referral to the NRM, housing authorities should ensure that interim accommodation is available while they are waiting for an initial Reasonable Grounds decision and/or while the housing authority carries out its enquiries.

2.5 To enable robust safeguarding of those considered vulnerable because of modern slavery, a sub-regional housing protocol is in use. This gives East Riding, North and North East Lincolnshire and Hull City Councils the opportunity to accommodate victims safely in a neighbouring authority to safeguard against re-exploitation.
