

# North East Lincolnshire Practice Approach

**Our children, our future**

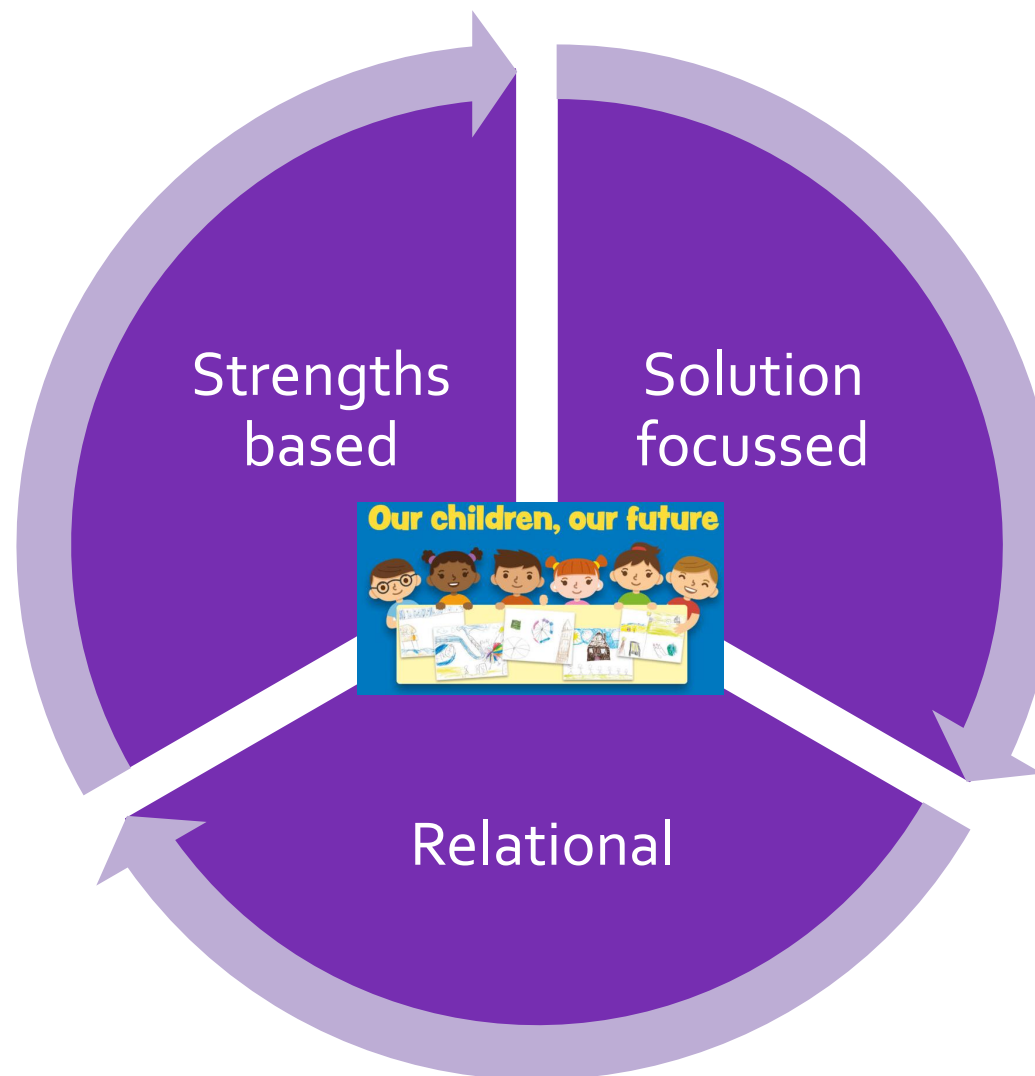

**The North East Lincolnshire Practice Approach** provides the framework for how every practitioner should work with children, young people, and families across the Borough

It is based on our North East Lincolnshire culture, values and beliefs, and our vision '**our children, our future**' aimed at focusing us to achieve our ambition for children to grow up happy and healthy, safe in their homes and communities with people that love them

We will do so by adopting a relational approach with each other, and our children, young people and families, to build on their strengths and enable them to find solutions for themselves
