Making it Real NEL Professional networking event.

Making It Real sees a collaboration across the Health and Social Care sector. Organisations will be represented from across the life course, family and community, showcasing a taste of all NEL has to offer.

With over 30 stands and stalls showcasing organisations from across the community, statutory and voluntary health and social care organisations.

This drop in session will allow you to meet other health and social care professionals, develop your professional networks, learn more about services across the system over a coffee and a biscuit.

Making It Real in NEL is a series of events designed to build stronger connections to support the sector to develop professional alliances, that focus on the wellbeing of residents, improving outcomes without an over-reliance on more traditional forms of care and support.

In North East Lincolnshire, children, young people, families and adults are at the centre of everything we do. Relationships unite us and there is a real commitment to ensuring the right support, at the right time by the right person.

Who is this event for?

Professionals, Community Practitioners, Health and Social Care Professionals, Community Organisations, VCSE groups, Front Line Teams and Managers, CPD and revalidation Time.

A Greener NEL
