Benefits of My Next Bus North East Lincolnshire

As well as providing Stagecoach Grimsby Cleethorpes customers with information about their bus service, My Next Bus North East Lincolnshire bus information system also:

- Allows the bus company to see where their vehicles are, manage their fleet more effectively and prevent bunching of services.
- Allows the bus company to see where buses are delayed, so that timetables can be improved.
- Allows the council to see where buses are delayed, so that bus priority solutions can be investigated.

My Next Bus North East Lincolnshire – How it works

Stagecoach Grimsby Cleethorpes buses have been fitted with satellite tracking technology. This transmits the position of the bus to a central computer that calculates the arrival time at stops along the route, based on current traffic conditions and usual journey times.

The arrival times are shown on electronic displays at selected bus stops. Bus service status information is also available via the Traveline website at www.traveline.info/em

This example on the right shows how the real time signs work.

The first bus to arrive will be a number 12 for New Waltham. It is close and will arrive within moments.

The second bus likely to arrive here is the 20 to Cleethorpes Pier. This bus is not being tracked, as you can tell by the 10:08 scheduled arrival time shown.

The third bus will be a 53 to Lincoln. You can tell it is being tracked because the display says it is expected here in 15 minutes.
